

WASTE WATER Solutions

AAA[®] technology for textile wastewater treatment

AAA[®]

A highly successful technology for textile wastewater treatment

80-85%
COLOUR REDUCTION

70%
REDUCTION IN
SLUDGE GENERATION

90-95%
WASTEWATER RECOVERY
POSSIBLE

20-25%
POWER SAVING

30-35%
LESS FOOTPRINT

- Reduction in chemical consumption and associated costs
- Produces methane-rich biogas, which can be used as fuel
- Effective and efficient COD reduction
- Consistent treated effluent quality
